

LOOKING TO BAG SOME BUGS

KRISTYNA WENTZ-GRAFF / KWENTZ@JOURNALSENTINEL.COM

Mauricia Williams, 7, a student at Milwaukee's Oliver Wendell Holmes School, collects insects Friday at Riveredge Nature Center near Newburg. Riveredge and Artists Working in Education worked with the students to create a mural based on their experiences at the center. Students worked with artist Kitty Dyle Thompson last month to design and produce the mural, which has been installed in the Children's Library at Riveredge.
